

# Social and Emotional Learning Awareness Week

FEBRUARY 7TH - 14TH, 2017

WE INVITE YOU TO CELEBRATE AND PROMOTE SOCIAL AND EMOTIONAL LEARNING BY CREATING A VIDEO THAT SHOWS HOW YOU CHOOSE LOVE.

2016 CHOOSE LOVE ART MURALS  
WERE EXHIBITED IN SENATE BUILDING IN WASHINGTON D.C.

Choosing Love means having the courage to be grateful when life is not easy, to forgive when the person who hurt you is not sorry, and to step outside your own pain to help someone else. That is how to choose love, and the empowering lesson is that it is a choice! **The Choose Love Enrichment Program™** is the first and only SEL program that actually teaches children how to choose love in any circumstance.

*What does the Formula for Choosing Love mean to you and your students?*

*How has the power of the message of Choosing Love affected you and your students?*

*How do your students practice and demonstrate SEL in your classroom and in their lives?*

Tell us your story through video and/or artwork. This can be done as a school or individual classroom project. We will post videos and artwork from across the country on our social media pages. Those with proper permissions may also be shown on local and national TV.

We can't wait to see what you and your students come up with!  
We want to share all of the wonderful things you are doing to spread the message of Choosing Love.

Send your videos and/or artwork to: [info@jesselewischooselove.org](mailto:info@jesselewischooselove.org).
